The members of the Quebec Military Tribunal are inviting veterans and the population to join the Mega-Jury of the Military and Popular Tribunal in order to issue the Arrest Warrants against the leadership of Pfizer and Moderna in Quebec, as well as for the politicians, government officials and the Public Health authorities who are accomplices of Genocide and Crimes against Humanity.

More than 17 constitutional experts, medical investigators and special guests from the United States, Canada and other countries will join us Live from their locations to record their testimonies. We are pleased and honored to announce these great speakers:

Major General (Ret) Paul E. Valley, Sheriff Richard Mack, attorney Todd Callender, Nick Mancuso, Benjamin Fulford, Ann Vandersteel and the team of Judges from the International Natural and Common Law Tribunal for Public Health and Justice.
